

Attach documents to your panel

- Login via <https://cpms.ern-net.eu/login/>
- Open your panel
- Click on tab Attachments (see below in blue box), then click on 'Attach file/ image' (in red box)

The screenshot shows the CPMS interface for a patient panel. The 'Attachments' tab is selected and highlighted with a blue box. The 'Attach file / image' button is highlighted with a red box. The interface displays patient information, panel details, and a list of attachments (currently empty).

- Read the text in the box that will appear in your screen (see below) and tick on the checkbox

The screenshot shows a dialog box titled 'Attach Image or File'. It contains the following text:

About attached files

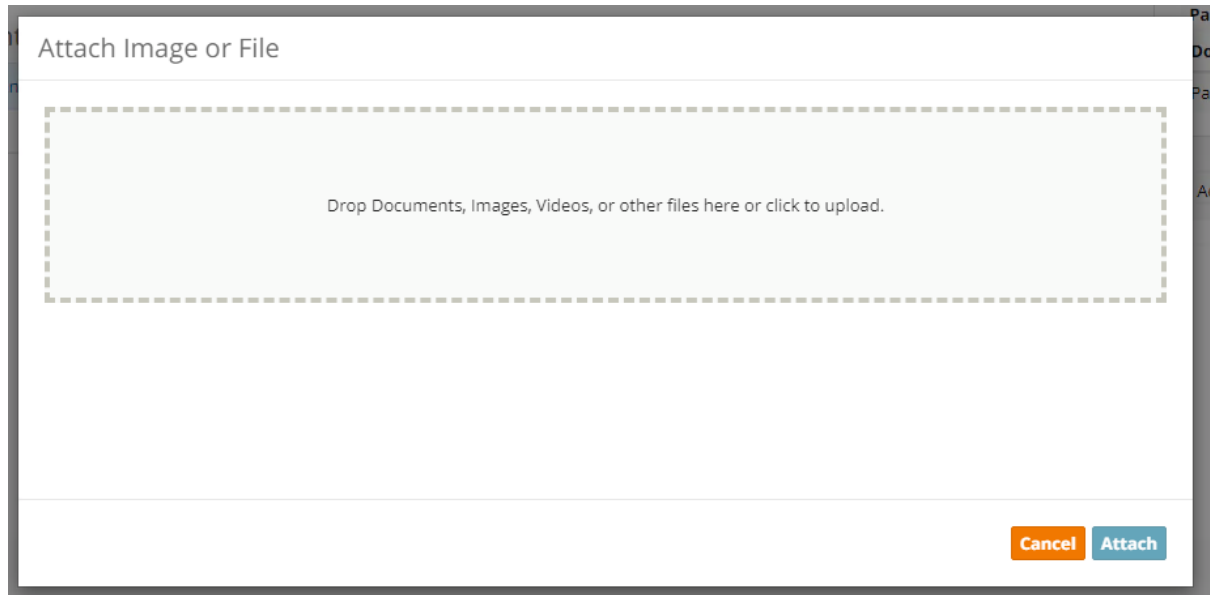

The software will de-identify DICOM images. The software will remove identifying sections from attached CDA documents. However, it may be unable to remove data completely. The software will not attempt to modify other document types.

When you share this Panel with ERN members, the attachments will be shared automatically.

By ticking this checkbox, you confirm that no identifiable personal data are present in the uploaded file(s). If you consider the files contain identifiable personal data that would be useful in a medical context, you can share them in a virtual meeting by sharing your screen with other participants.

A 'Cancel' button is located at the bottom right of the dialog box.

- Drag your documents to the grey box or click on the grey box to open your maps to select the items you wish to upload (see below) and click on 'Attach'

- After uploading your document(s), your panel looks like this (see below), and you will be able to view or download the attachment(s) (see red boxes)

#2005 Endo **PANEL IN PROGRESS**

Centre AT09 - General Hospital of Vienna_BOND
 Lead Bear Solis
