Jette Kristensen

Juliane Leger

WP1 Management & Coordination

Feel free to share your
Ideas / topics for the
MTG 6 discussion

Endo-ERN General Assembly 2026

- 10th Endo-ERN GA: 20–21 Apr 2026, Athens (Crowne Plaza). Invitations sent in Oct to main/sub reps. Details [here](#).

MTG6 meetings for 2026

- We are working to expand participation in these meetings, and careful planning will be important to increase attendance.
- There will be an MTG6 meeting at the GA 2026, where the MTG6 chairs will inform attendees of the dates of the next two online meetings in 2026.

WP2 Communication & Dissemination

- A Monthly Digest has been launched by Endo-ERN, where all relevant network updates from the past month can be found.
- New publications, materials or events to be endorsed/updated/disseminated
- Please follow Endo-ERN at our socials:

<https://www.linkedin.com/company/rareendoern>

<https://www.facebook.com/rareendoern>

<https://www.youtube.com/@rareendoern>

www.endo-ern.eu

WP3 Evaluation

- Evaluation allows for continuous improvement and sharing of best practices across the network. For Endo-ERN members there is self-evaluation annually, and an external review as part of the AMEQUIS cycle, every 5 years.
- Attendance at MTG-specific meetings is expected for all HCPs and counts toward performance scoring. If you cannot attend, please forward the invite to a colleague to attend on behalf of your HCP.
- Ensure that HCP members are entering data into e_REC for the continuous monitoring process
- Please feedback any challenges you are having

WP4 CPMS

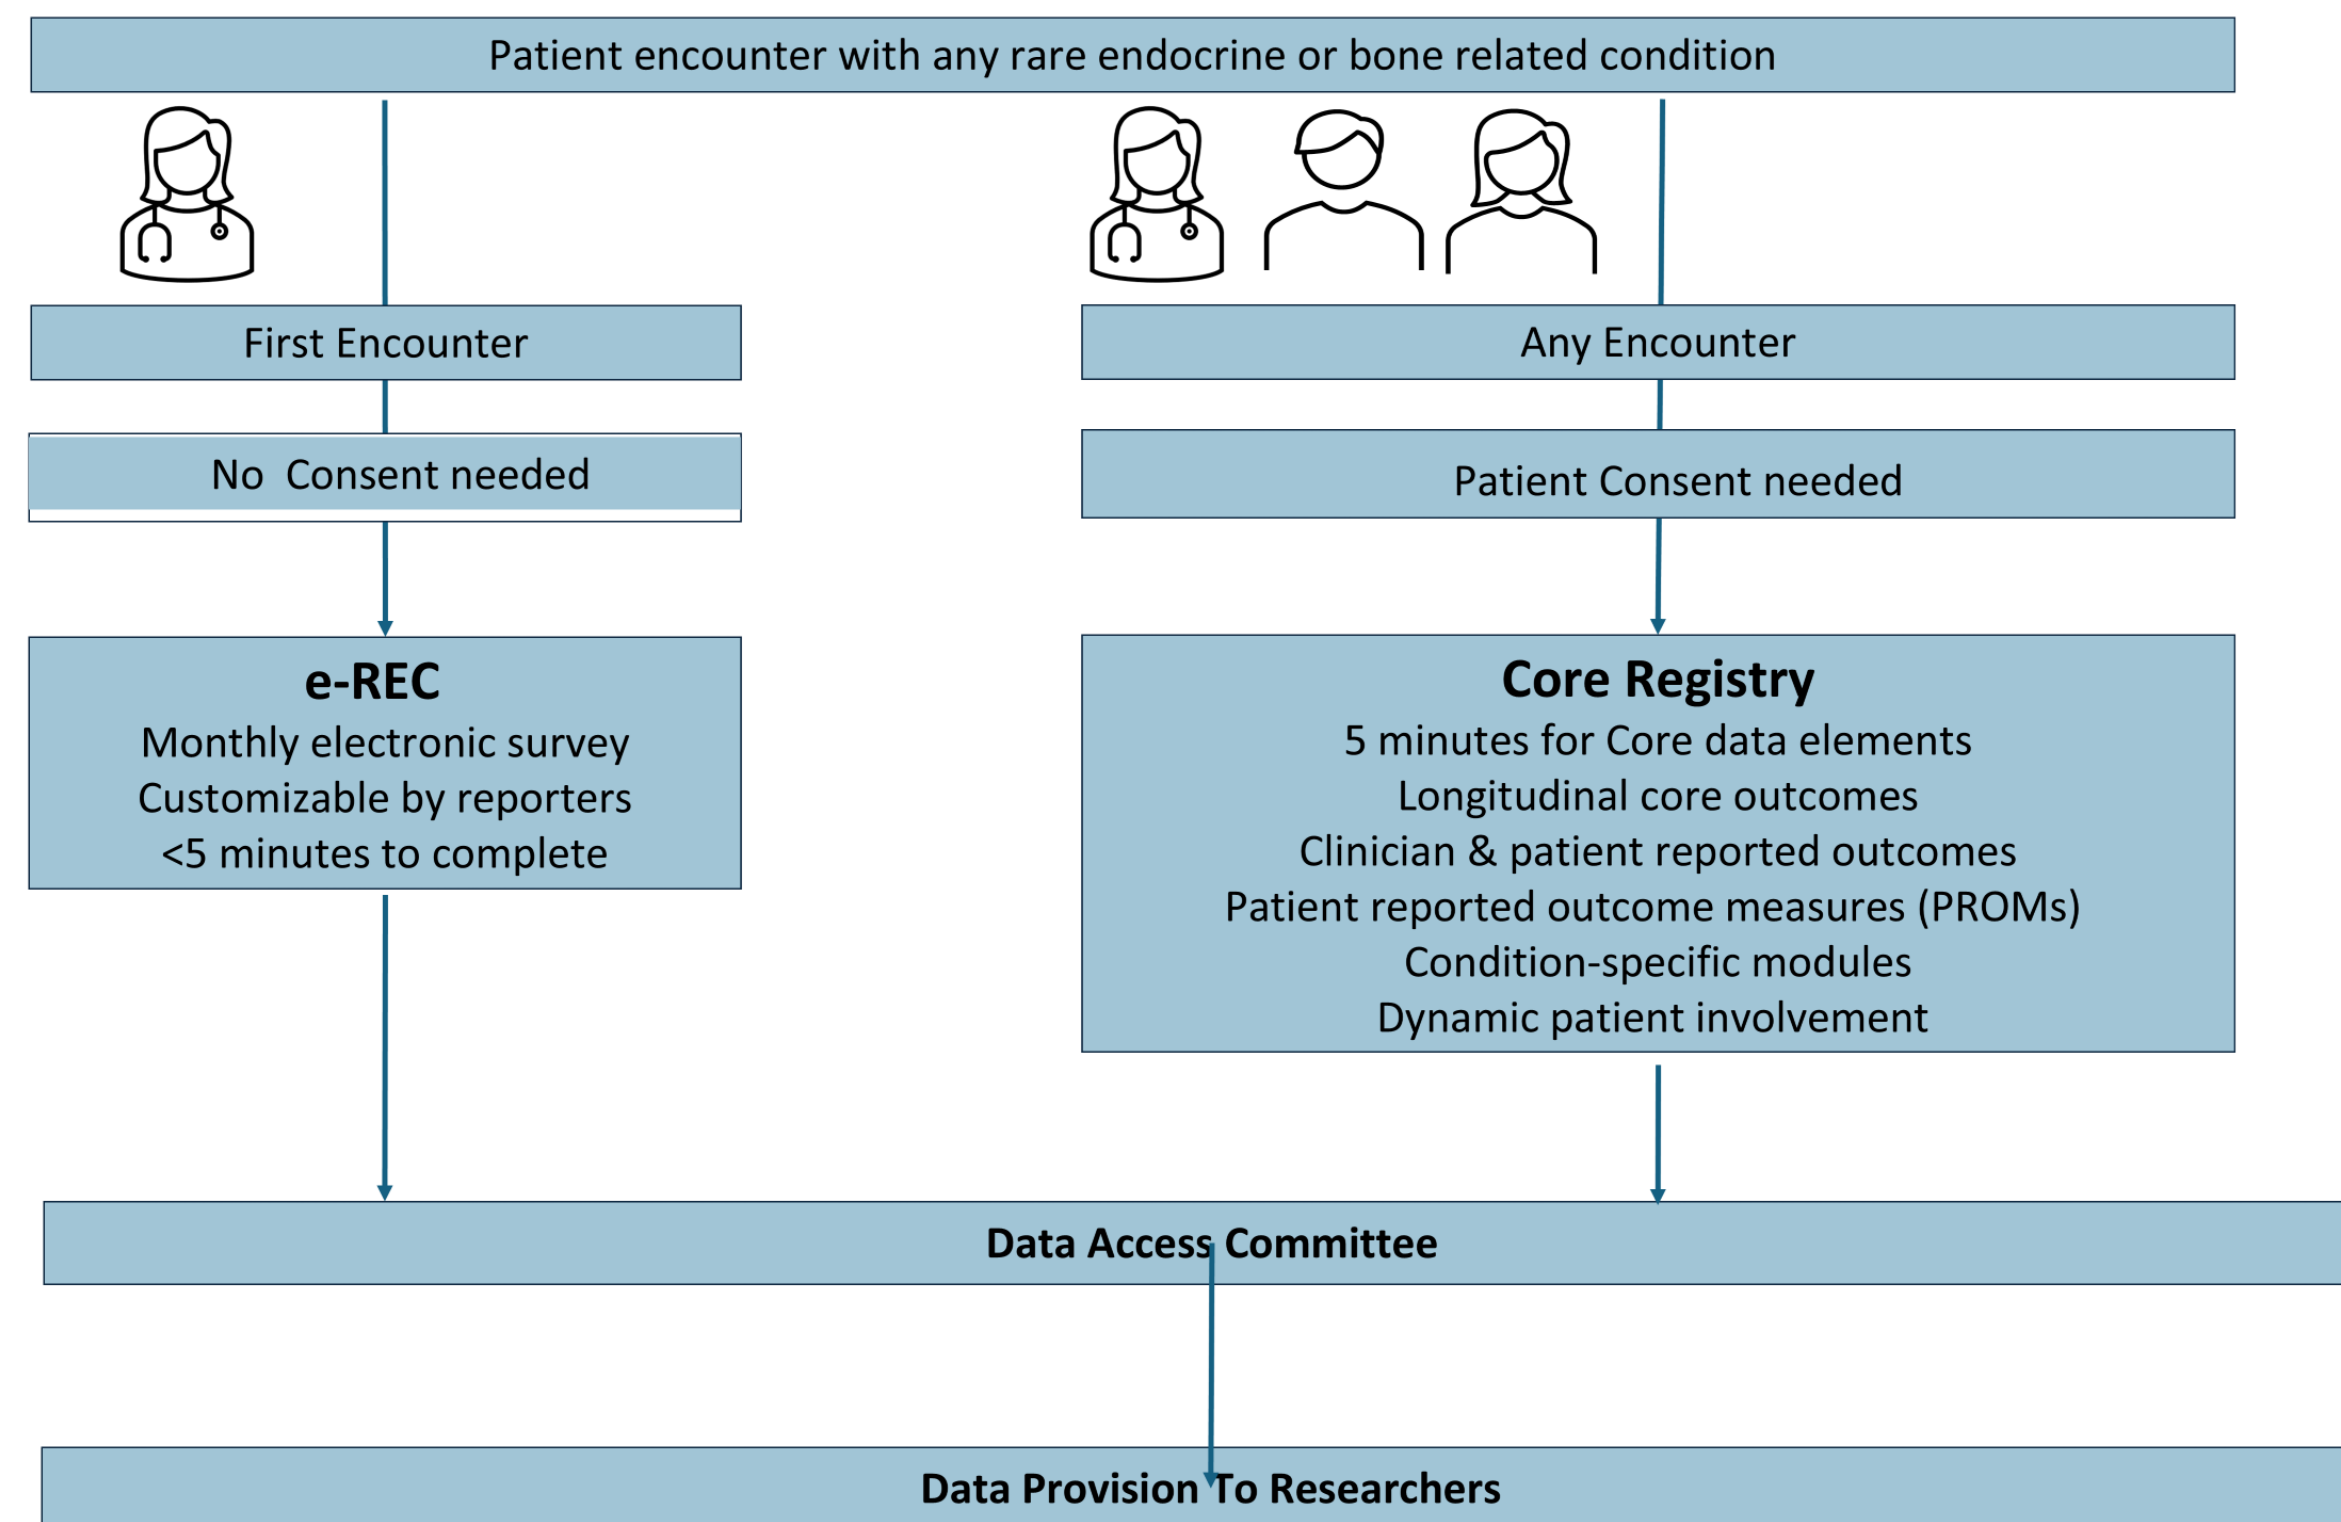

**How to increase attendance and number of cases discussed?
It can be an educational event!**

WP5 Registries

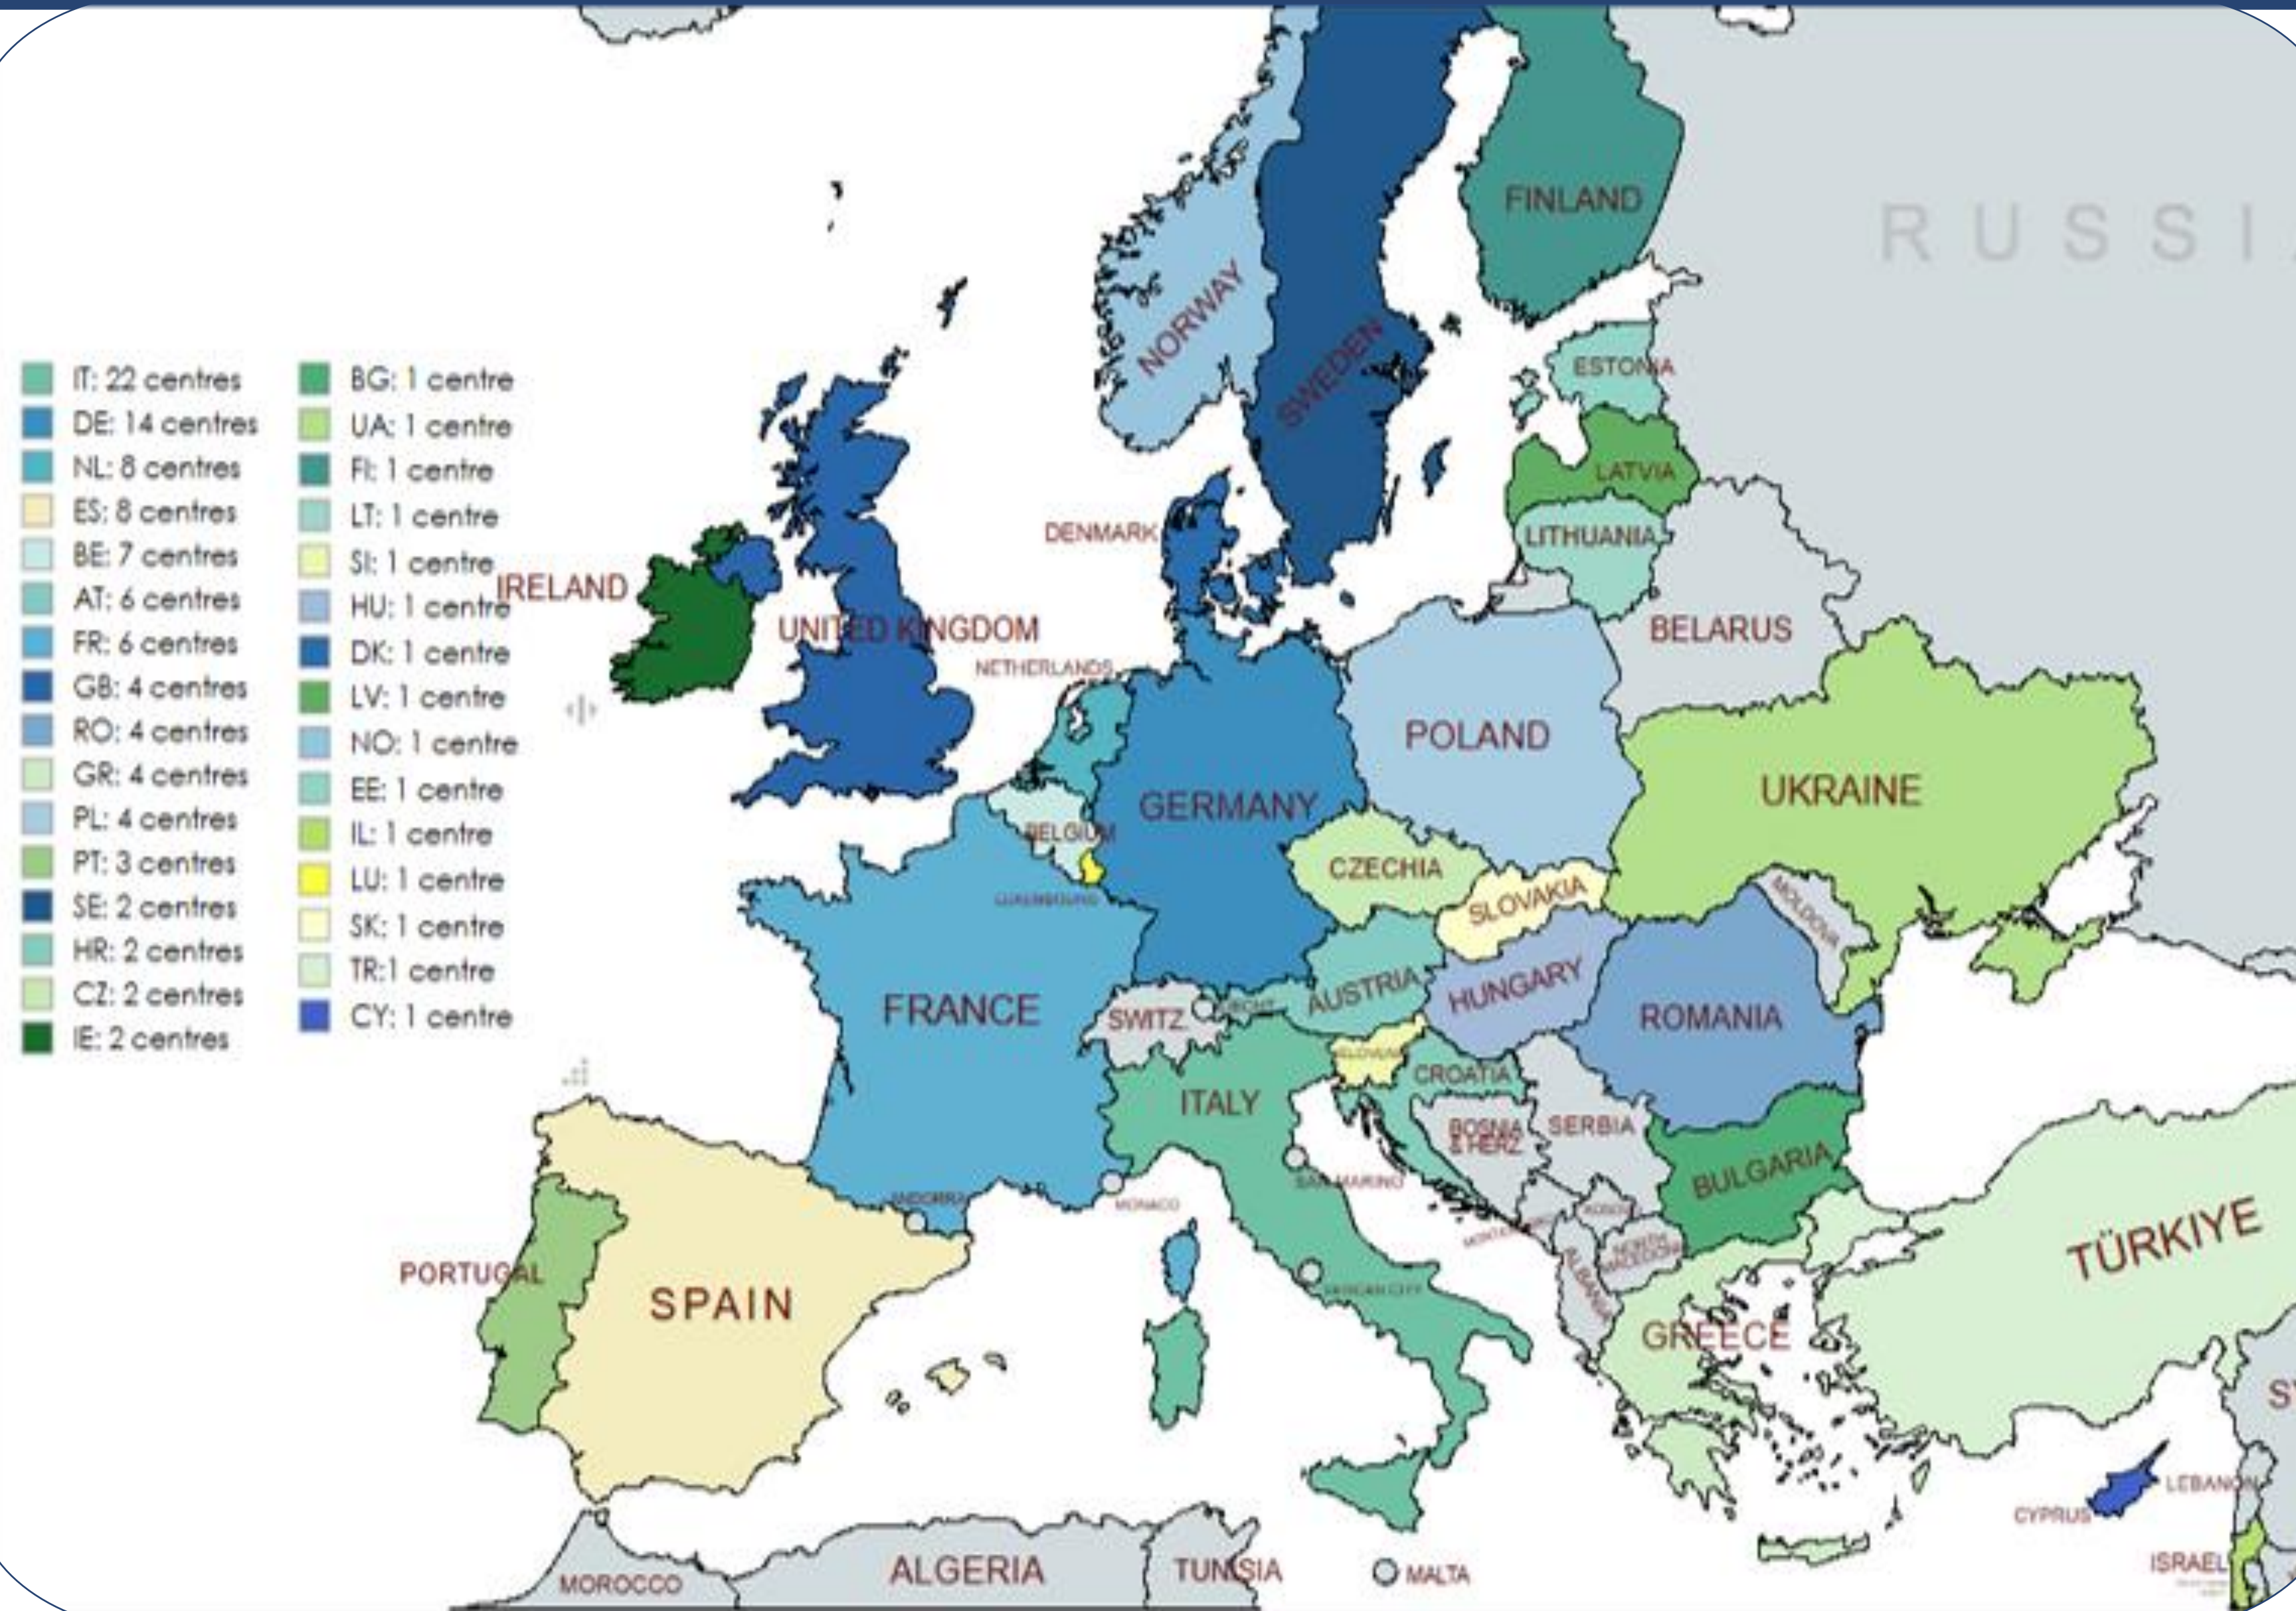

EuRREB registry

- There are several disease specific modules under construction.

The Registries in a Nutshell

Centres Reporting in e-REC

July 2018 – December 2024

Active reporters:

113 centres from 32 countries
(5 non-EU)

HCPs ERN affiliation

Endo-ERN only - 62

Endo-ERN and ERN-BOND - 29

ERN-BOND only - 3

Not affiliated to either – 19

Number of patients in e-Rec:

56573 cases

(41933 in adults, 14640 in children)

Full report at eureb.eu

WP5 Registries

current MTG6 projects:
PANOMEN/ predictive factors
development of prolactinoma module

..
